Re: Miccosukee Golf & Country Club in Kendale Lakes
Tribal Land Trust

As a citizen of the West Kendall Community, I object to this property becoming a Tribal Trust, which would deny Miami-Dade County Government, and our citizens, having any regulatory authority. I was not aware that the Federal Government previously considered this request. It was not well publicized. Had I been aware of this, I would have filed my objection with the Federal Government.

Re: Miccosukee Golf & Country Club en Kendale Lagos
Tribal Land Trust

Como ciudadano de la Comunidad de West Kendall, me opongo a esta propiedad convertirse en un Fideicomiso tribales, que negaria Miami-Dade County Government, y nuestros ciudadanos, que tengan cualquiera autoridad reguladora. Yo no era consciente de que el Gobierno Federal que antes se consideraban esta solicitud. No se le dio publicidad también. Si yo hubiera sido consciente de ello, me hubiera presentado mi objeción con el Gobierno Federal.

Re: Miccosukee Golf & Country Club in Kendale Lakes
Tribal Land Trust

As a citizen of the West Kendall Community, I object to this property becoming a Tribal Trust, which would deny Miami-Dade County Government, and our citizens, having any regulatory authority. I was not aware that the Federal Government previously considered this request. It was not well publicized. Had I been aware of this, I would have filed my objection with the Federal Government.

Re: Miccosukee Golf & Country Club en Kendale Lakes
Tribal Land Trust

Como ciudadano de la Comunidad de West Kendall, me opongo a que esta propiedad sea convertida en una fideicomisa tribal, que le negaría al Gobierno de Miami-Dade County y a nuestros ciudadanos el tener cualquier autoridad reguladora. Yo no estaba consciente de que el Gobierno Federal había considerado esta solicitud anteriormente. No fue publicada y si yo hubiera estado consciente de esta solicitud, le hubiera presentado mi oposición al Gobierno Federal.

Re: Miccosukee Golf & Country Club nan Kendale Lakes
Tribi Tè Trust

Kòm yon sitwayen ameriken nan West Kendall Kominote a, mwen dakò ak pwopriyete sa a vin tounen yon Trust Tribi, ki ta refize Konte Miami-Dade Gouvènman, ak sitwayen nou an, ki gen nenpòt ki otorite regilasyon. Mwen pat 'konnen ke Gouvènman Federal la ki te deja konsidère kòm demann sa a. Li pa te byen pibliye. Liwen te fè te okouran de sa a, mwen ta fin ranpli objeksyon mwen ak Gouvènman Federal la.

Re: Miccosukee Golf & Country Club in Kendale Lakes
Tribal Land Trust

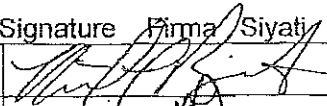

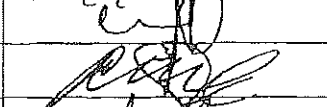

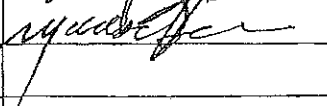

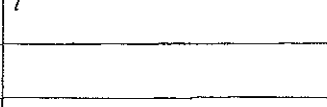

As a citizen of the West Kendall Community, I object to this property becoming a Tribal Trust, which would deny Miami-Dade County Government, and our citizens, having any regulatory authority. I was not aware that the Federal Government previously considered this request. It was not well publicized. Had I been aware of this, I would have filed my objection with the Federal Government.

Re: Miccosukee Golf & Country Club en Kendale Lakes
Tribal Land Trust

Como ciudadano de la Comunidad de West Kendall, me opongo a que esta propiedad sea convertida en una fideicomisa tribal, que le negaría al Gobierno de Miami-Dade County y a nuestros ciudadanos el tener cualquier autoridad reguladora. Yo no estaba consciente de que el Gobierno Federal había considerado esta solicitud anteriormente. No fue publicada y si yo hubiera estado consciente de esta solicitud, le hubiera presentado mi oposición al Gobierno Federal.

Re: Miccosukee Golf & Country Club nan Kendale Lakes

Kòm yon sitwayen ameriken nan West Kendall Kominote a, mwen dakò ak pwopriyete sa a vin tounen yon Trust Tribi, ki ta refize Konte Miami-Dade Gouvènman, ak sitwayen nou an, ki gen nenpòt ki otorite regilasyon. Mwen pat 'konnen ke Gouvènman Federal la ki te deja konsidere kòm demann sa a. Li pa te byen pibliye. Mwen te fè te okouran de sa a, mwen ta fin ranpli objeksyon mwen ak Gouvènman Federal la.

Re: Miccosukee Golf & Country Club in Kendale Lakes
Tribal Land Trust

As a citizen of the West Kendall Community, I object to this property becoming a Tribal Trust, which would deny Miami-Dade County Government, and our citizens, having any regulatory authority. I was not aware that the Federal Government previously considered this request. It was not well publicized. Had I been aware of this, I would have filed my objection with the Federal Government.

Re: Miccosukee Golf & Country Club en Kendale Lakes,
Tribal Land Trust

Como ciudadano de la Comunidad de West Kendall, me opongo a que esta propiedad sea convertida en una fideicomisa tribal, que le negaría al Gobierno de Miami-Dade County y a nuestros ciudadanos el tener cualquier autoridad reguladora. Yo no estaba consciente de que el Gobierno Federal había considerado esta solicitud anteriormente. No fue publicada y si yo hubiera estado consciente de esta solicitud, le hubiera presentado mi oposición al Gobierno Federal.

Kendale Lakes residents protest designation of Miccosukee land

BY RICHARD YAGER

Kendale Lakes residents have mounted a petition drive supporting the Miami-Dade County appeal of a Bureau of Indian Affairs decision designating the Miccosukee Golf and Country Club as a tribal land trust.

Petitions began circulating throughout West Kendall after community activists became aware the county attorney is appealing regulatory control of the 229-acre tract owned and operated by the Miccosukee Tribe as a golf club.

The county has opposed that designation as "unreasonable" and "erroneous" because of a failure to consider extensive objections stated in 2003, including enforcement of an existing 99-year covenant limiting property uses.

The 1972 covenant "currently requires the consent of the Miami-Dade Board of Commissioners and 75 percent of the neighboring residents prior to any change of use," the county states in its appeal.

Action to appeal was filed Aug. 23, 2012 within a 30-day time limit from July 27, 2012, the date when the decision by Randall Trickey, acting director, Eastern Region of the Bureau of Indian Affairs, became effective. The county subsequently asked and received extension to Jan. 28 to file its objections.

"The Bureau's action is outrageous," declared Miles Moss, president of the neighboring Winston Park Homeowners Association. Moss, a former president of the Kendall Federation of Homeowner Associations (KFHA), has aided Kendall resident protests of government and institutional threats to homeowners for more than 25 years.

"The consequence of assigning authority independent of county regulation to the golf course and lake areas is far-reaching and potentially damaging to hundreds, if not thousands of West Kendall residents," Moss declared.

"Should the tribe redevelop the property, it could substantially change area drainage since the lakes act as drains for accumulated storm water that affect homes surrounding

the golf course."

The county's original letter of objection came about in 2003 when then county manager George Burgess said the possibility of a casino at the club would cause increased servicing and policing problems.

Trickey's decision granting the tribal request was largely based on the need to improve the economic conditions for the Miccosukee community, headquartered on 667 acres along the north boundary of Everglades National Park.

Any concerns over using the property for gambling purposes was "without foundation," his ruling stated, adding that acquisition of the property by the tribe "will not have a significant impact on the existing level of services currently being provided by the state and its political subdivisions."

Moss and Kendale Lakes resident Aster Mohamed decided to move ahead early in January with the legal appeal upon learning the county only had until Jan. 28 to file its objection.

"We wanted our community voice added to the county's action because, to our knowledge, affected residents never had the chance to speak in behalf of their concerns," Mohamed added.

Circulated with English, Spanish and Creole text, the petitions note lack of county regulatory authority over the golf course land as a primary objection, also noting residents were unaware the government considered the tribe's request because "it was not well publicized."

A background statement distributed to petition signers notes that the tribal land trust designation under federal statutes "could allow the tribe to change the land use to multi-family, a hotel or casino without any control by Miami-Dade County or without regard to neighbors' concerns" which are listed as public safety, traffic, drainage and gambling.
